July 2009-July2010. Resident surgeon at the 1st department of general surgery of the 424 military hospital of Thessaloniki, Greece.

July 2010-August 2011. Resident orthopaedic surgeon at the 2nd orthopaedic department of the 424 military hospital of Thessaloniki, Greece.

September 2011-September 2015. Resident orthopaedic surgeon at the 3rd Orthopaedic Department of the Medical School of the Aristotle University of Thessaloniki-Greece, "Papageorgiou" General Hospital of Thessaloniki, Greece

September 1st, 2015 became Consultant Orthopaedic Surgeon after undertaking State Organized exams.

2013-today. PhD student at the Medical School of the Aristotle University of Thessaloniki, Greece

## FUTHER WORKING EXPERIENCE

January 2007- September 2007. Medical doctor of the 33rd battalion of the Greek Army at Polykastro, Greece

Sep 2007-Feb2008. Participation as a medical doctor at the Kosovo forces mission at the Greek camp "Regas Ferraios" in Urocevac.

Feb 2008-Jul 2008. Medical doctor at the Supreme Joint War College in Thessaloniki, Greece. ③ Dec 2008. Advanced Trauma Life Support Course (ATLS) ③ Aug2008-Jan2009: Medical Doctor at St. Luke's Hospital (private medical institution)

## **RESEARCH ACTIVITY/PUBLICATION**

22nd Medical Congress of Armed Forces (Nov 2008)

Military Review Magazine (July-August 2009 edition) publication with subject "Mobile phone and health"

65th Annual Panhellenic Orthopaedic Congress (Greek association of orthopaedic surgery and traumatology)

Military Review Magazine (July-august 2010 edition) publication with subject "Dizziness or Vertigo?"

23rd Medical congress of Armed Forces (nov2010)

AO TRAUMA COURSE: principles in operative fracture management (March 2011)

30th Annual Conference of Orthopaedic and Traumatology Association of Macedonia and Thrace (OTEMATH) Lecture about "Articular cartilage:structure biomechanics-biology of healing"(Apr-May2011)

OSTEOSYNTHESE INTERNATIONAL ANNUAL MEETING (GERHARD KUNTSCHER SOCIETY): free paper "evaluation of the use of gamma nail for treatment of trochanteric hip fractures a retrospective study" (Sep 2011)

17th Joiny conference of the greek company reconstructive microsurgery greek company of hand and upper extremity lecture "Radius head fracture surgery therapy options" (Dec 2011)

From 10th of July 2012 PhD. student : "The effect of B- adrenergic blockers ( beta blockers ) to osseointegration of the orthopaedic stainless steel implants . Experimental study in rats".

## **PARTICIPATION IN SCIENTIFIC MEETINGS**

1. Papavasiliou K.A., Karanassos M.T., Vlahodimos A, Kyrkos M.J., Sarris I.K., Tsitouridis I., Kirkos J.M. 15th EFFORT Congress. London, United Kingdom. June 4-6, 2014. Unifocal eosinophilic granuloma of the femur in a 16-year-old boy successfully treated with percutaneous image-guided radiofrequency ablation.

2. Papavasiliou K, Fontalis A, Karanassos M, Bintoudi A, Tsitouridis I, Kirkos J. Closed image-guided vs. open biopsies in bone lesions. A retrospective review of 987 biopsies performed on 912 patients. WCO-IOFESCEO Milan, Italy. March 26-29 2015. Published as an abstract in: Osteoporosis International Vol 26 Supplement 1.

3. Papavasiliou K.A., Bintoudi A., Karanassos M.T., Sarris I.K., Sayegh F.E., Kirkos I.M., Tsitouridis I. Recurrent Giant Cell Tumor Of The Femur In A 26- Years-Old Man Successfully Treated With Percutaneous Image-Guided Radiofrequency Ablation. 16th EFORT Congress. Prague, Czech Republic, May 26-29 2015.
4. Papavasiliou KA., Provelengios S., Karanassos M.T., Alafropatis I., Tsitouras D., Kyrkos M., Tsiridis E., Kirkos I.M. Pantalar Arthrodesis In Patients With Paralytic Foot Deformities. A Long-Term Follow-Up Study. 16th EFORT Congress. Prague, Czech Republic, May 26-29 2015.
5. Papavasiliou K, Bintoudi A, Fontalis A, Karanassos M, Pellios S, Tsitouridis I, Kirkos J. Closed image-guided Vs. open biopsies in children with bone lesions. A retrospective review of 112 biopsies performed on 104 patients 7th International Congress on Children's bone health, Salzburg, Austria, 27-30 June 2015.
6. Papavasiliou K, Bintoudi A, Karanassos M, Vlachodimos A, Pellios S, Tsitouridis I, Kirkos J. Percutaneously performed image-guided radiofrequency ablation for the treatment of a unifocal eosinophilic granuloma of the femur in a 16-year-old boy. 7th International Congress on Children's bone health, Salzburg, Austria, 27-30 June 2015.
7. Papavasiliou K.A., Michael Th., Karanassos M., Tsitouras D., Kirkos J.M. Female patients suffering from secondary hyperparathyroidism who undergo total knee arthroplasty do not face increased danger to develop aseptic loosening of their implants. World Congress on Osteoporosis IOF-ESCEO. Malaga-Spain, 14-17 April, 2016.
8. Papavasiliou K.A., Michael Th., Tsitouras D., Karanassos M., Adam S., Kirkos J.M. The influence of secondary hyperparathyroidism -at the time of index operation- on the later development of (septic or aseptic) loosening of implants in female patients with knee osteoarthritis who undergo Total Knee Arthroplasty. European Calcified Tissue Society annual meeting. Rome-Italy, 14-17 May, 2016.
9. Papavasiliou K, Bintoudi A, Tsitouras D, Karanassos M, Tsitouridis I, Kirkos J. Evaluation of the diagnostic accuracy of open versus closed imageguided biopsies in musculoskeletal lesions. A retrospective review of 1149 biopsies performed on 1048 patients. European MusculoSkeletal Oncology Society annual meeting. La Baule-France, 25-27 May, 2016.
10. Kyriakos Papavasiliou, Theodore Michail, Marinos Karanassos, Dimosthenis Tsitouras, Stergios Adam, Ioannis Sarris, Eleutherios Tsiridis, Fares Sayegh, John Kirkos. Female Patients Suffering From Secondary Hyperparathyroidism That Undergo Total Knee Arthroplasty Do Not Face Increased Danger To Develop Later Aseptic Loosening Of Their Implants. A Prospective Study. To be presented at the 18th EFORT Congress to be held in Vienna, Austria, 31 May - 02 June 2017.
11. Kyriakos Papavasiliou, Theodoros Michail, Stergios Adam, Spyridon Koliatzakis , Dimosthenis Tsitouras, Marinos Karanassos, John Kirkos. Palliative treatment of a metastatic lesion of the proximal tibia extending to the popliteal cavity with the use of a

PTFE felt and PMMA cement. To be presented at the Annual meeting of the European Musculo-Skeletal Oncology Society Meeting to be held in Budapest, Hungary 25-28 May 2017.
