

Stryker-ASI Shoulder Arthroscopy Course

Advanced techniques within
shoulder arthroscopy

Agenda 13th-15th October, 2019
Annecy France

Stryker-ASI **Shoulder Arthroscopy Course**

Dear friends,

My team and I are delighted to welcome you to this course organised by the Alps Surgery Institute and Stryker.

Shoulder surgery is a very entertaining discipline requiring skill, creativity and rigour. There are always new things to discover and improvements to be made. We here in Annecy are motivated by a passion for achieving these goals, a passion that I know is nothing if not shared!!

So thank you to a great international faculty, thank you to my team, and thank you to Stryker, for sharing their passion for shoulders & their expertise with us here.

We hope that we can pass on some of both of these to you over the next few days.

We will do our best to make these days enjoyable and beneficial for your practice.

Dr Laurent Lafosse
