EDUCATION AND TRAINING

- Date Since May 2021. Currently attending the Alps Surgery Institute (Clinique Général d'Annecy, 4 Chemin de la Tour la Reine, 74000 Annecy) as a fellow, , under the supervision of Dr. Laurent Lafosse and Thibault Lafosse. Field of interest: upper limb surgery (including shoulder, hand, brachial plexus and microsurgery).
- Educational and training institution The entire course of studies was carried out at the Catholic University of Rome.
- Occupational skills covered Specialist in Orthopaedics and Traumatology (graduated from the Catholic University of Sacred Heart, Rome, Italy, 27 October 2020)
- Qualification achieved
 - Six-month fellowship (November 2020 - April 2021) at the Hans Institut (Institut de la Main) in Paris as internal physician (résident), Clinique Bizet, 23 rue George Bizet, 75016 PARIS, under the supervision of Drs. Caroline Leclercq, Christophe Mathoulin and Stéphane Guero.
 - Specialization in Orthopaedics and Traumatology (A.A. 2018/2019) at the Catholic University of the Sacred Heart of Rome, vote 50/50 cum laude, discussing an experimental thesis entitled "Kinematic study on cadaver on the proximal transposition of the superficial flexor tendon: proposal of a new technique for the reconstruction of the A2 and C1 pulleys". While attending the Residency School I also achieved the Diploma Supplement in Surgery and Microsurgery of the Hand, according to standards agreed by the Commission, the Council of Europe and the United Nations Educational, Scientific and Cultural Organization (UNESCO)
 - Graduation in Microsurgical Techniques, obtained by passing the final practical and theoretical examination of the Advanced Course in Microsurgery (Naples, Italy, 2019), discussing a thesis entitled: "What should we expect from fingertips replantation? Discussion about 18 attempts of fingertip replantation".

- Graduation in medicine and Surgery (A.A. 2013/14) at the Catholic University of the Sacred Heart of Rome, 110/110 cum laude, discussing an experimental thesis entitled "Clinical trial on the treatment of Dupuytren's disease by collagenase".
- Scientific high school graduation (grade 100/100) in the school year 2007/2008, experimental bilingual course in ENGLISH and FRENCH, at the Liceo Scientifico Statale "C. De Giorgi" in Lecce.

This is an assembly of students, organised into committees, which presents, discusses and votes on resolutions, modelled on those of the European Parliament, using only French and English.

Member of the Italian Society of Surgery of the Hand (S.I.C.M.) since 2018.

Member of the Italian Society of Microsurgery (S.I.M.) since 2020.

Paper Reviewer for scientific journals: 12 reviews of 10 manuscripts registered on www.publons.com

TECHNICAL SKILLS AND COMPETENCES

I have good informatics skills.

In January 2018, attending the permanent training course named "Experimental and reconstructive microsurgery", promoted by the Department of Biomedical and Neuromotor Sciences of the University of Bologna.

From October 2018 to March 2019, I attended the "Advanced Course in Microsurgery", passing the final theoretical-practical exam and obtaining the "Microsurgical Techniques degree".

From November 2019 to January 2020, I participated in the cadaver lab "Tenth course of anatomical dissection and surgical anatomy of the upper limb" sponsored by S.I.C.M., discussing the thesis "Proposal of a new reconstruction technique of the A2 and C1 pulley: a cadaver study".

In January 2020 I attended the cadaver lab "Everything you wanted to learn about perforating flaps and you never dared to ask" sponsored by the Italian Society of Microsurgery.

In October 2020 I attended the course 'Statistics for Medical Research', organised by A.P.S. Statisticamente.

In February 2021, I attended the Wrist Arthroscopy Basic Course, at IRCAD in Strasbourg.

OTHER TECHNICAL SKILLS AND
COMPETENCES

Free Diving and Scuba Diving (Open Water Diver PADI license, Apnea Academy OPEN license)

DRIVE PERMISSION

Type B driving license

OTHER

I Participation as a speaker in the following congresses as a speaker:

1. 40th Congress of the Italian Society of Spinal Surgery and Italian Scoliosis Group (2017), paper entitled: "Is vertebral tuberculosis a topical issue in Europe? An epidemiological and surgical synthesis of the last 10 years".
2. 110th S.O.T.I. Meeting (2017), paper entitled: "Is vertebral tuberculosis a current issue in Europe? Epidemiology from a literature review of the last 10 years and indications for surgical treatment".
3. 56th National Congress Italian Society of Hand Surgery (2018), participated in the Young Prize with the report entitled: "Peripheral localizations of Von Recklinghausen Neurofibromatosis: clinical and anatomopathological study".
4. 21° Congress I.O.R.S. (Italian Orthopaedic Research Society) with the report entitled: "The effects of Collagenase injection of Clostridium Hystoliticum in Dupuytren's disease: experimental study on cell-mediated mechanisms enabling enzymatic fasciotomy in 24 hours after infiltration".
