## **Stryker-ASI Shoulder Arthroscopy Course**

**Dear friends,**

My team and I are delighted to welcome you to this course organised by the Alps Surgery Institute and Stryker.

Shoulder surgery is a very entertaining discipline requiring skill, creativity and rigour. There are always new things to discover and improvements to be made. We here in Annecy are motivated by a passion for achieving these goals, a passion that I know is nothing if not shared!

Thanks to the great international faculty, thanks to my team and thanks to Stryker for sharing with us the shoulder passion. That's what this training is about, for the best of our patients.

**We will do our best to make these days enjoyable and beneficial for your practice.**
