Stryker-ASI Shoulder Arthroscopy Course

Dear friends,

What a pleasure it is to welcome you back to Annecy after such a long time for the 13th Stryker-ASI Shoulder Arthroscopy Course.

Fortunately, we kept in touch through the Stryker-ASI Live Shoulder Arthroscopy eCourse. Thank you to Stryker for the wonderful support they have offered during this unprecedented period. With their support we were able to reach over 500 healthcare professionals each time we hosted the eCourse!

Now it is time to see each other in person, face-to-face, to debate and discuss during lectures, patient examinations, live surgeries, hands-on workshops and clinical cases.

Shoulder surgery is a very entertaining discipline requiring skill, creativity and rigor. There are always new things to discover and improvements to be made. Here in Annecy we are motivated by a passion for achieving these goals, a passion that I know is nothing if not shared!

Thank you to our great, international faculty for bringing their expertise, thank you to our team in Annecy, thank you to Stryker and thank you to YOU for coming in-person and for sharing knowledge and passion for shoulder arthroscopy with us!

We will do our best to make these days enjoyable and beneficial for your practice.

Welcome back to Annecy for the the Stryker-ASI Shoulder Arthroscopy Course!
