

MASTERCLASS

Upper Extremities and Sports Medicine

Advanced Shoulder Care

Anncy, France

16th - 18th April 2026

Masterclass

Zimmer Biomet Institute® provides a wide range of educational experiences to healthcare professionals so you can learn, interact, understand and share knowledge about Zimmer Biomet products, services, techniques and technologies through different modalities.

We know you are committed to your field of expertise and we know you want to continue to improve. Through Zimmer Biomet Institute courses, you will gain problem-solving insights and develop your skills.

The specific course objectives include:

- Gain insights into patient selection, indications, approaches, and treatment options for optimal outcomes
- Enhance your expertise in shoulder arthroscopy and arthroplasty through in-depth case discussions with experienced faculty
- Address clinical problems and treatments for soft tissue injury and shoulder joint deterioration
- Observe live surgeries to learn how experts handle real-life surgical challenges

The Zimmer Biomet Institute® wishes you a valuable and enjoyable training with us.
